### Vendor Managed Inventory

Let us manage your inventory for you, so you can focus on growing your business. We have been partnering with companies like yours through our VMI program for over 25 years.

### Custom Kitting

We live to kit. Just tell us once what custom combination of parts you need, and we will deliver it right every time. You will save hours of searching and ordering time each year.

### Special Orders

Relying on unique fastener designs? Can't always find the alloys and finishes you need? We are here to do the tedious leg work for you.
